Calculations Performed

- Deduction rate = proposed installment / net income = 3,800 / 4,000 = 95.0% (cap 20% → FAIL).
- Period check: remaining 168 months vs original approved 300 months → within limit (PASS).
- Arrears coverage: AED 30,400 across 8 unpaid installments (252 days past due).

Explainability statement

This audit trail is generated for transparency and assurance. Every decision is traceable to a rule, a data source and a calculation.
